INSTALLATION DIAGRAM

安装示意图

GRILLE COMPONENT

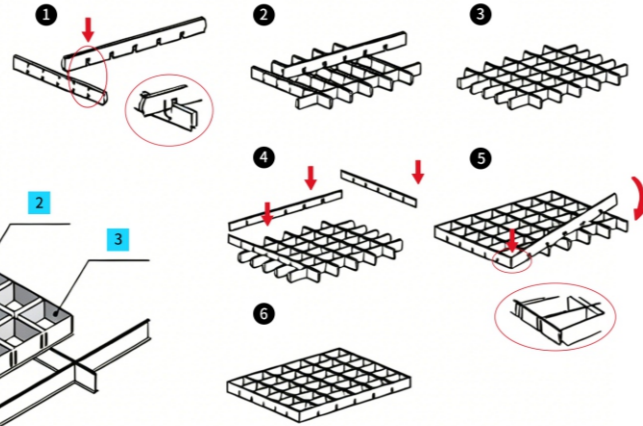

1 For the installation of the entire ceiling system, it is necessary to purchase T-15 series hanging accessories from any brand as a complete set!

1 When installing the ceiling, please follow the preset grid layout direction: lay the main profile along the T-shaped joist (with a gap of 0.6mm), ensuring seamless integration and achieving the best overall visual effect..

ASSEMBLY DIAGRAM

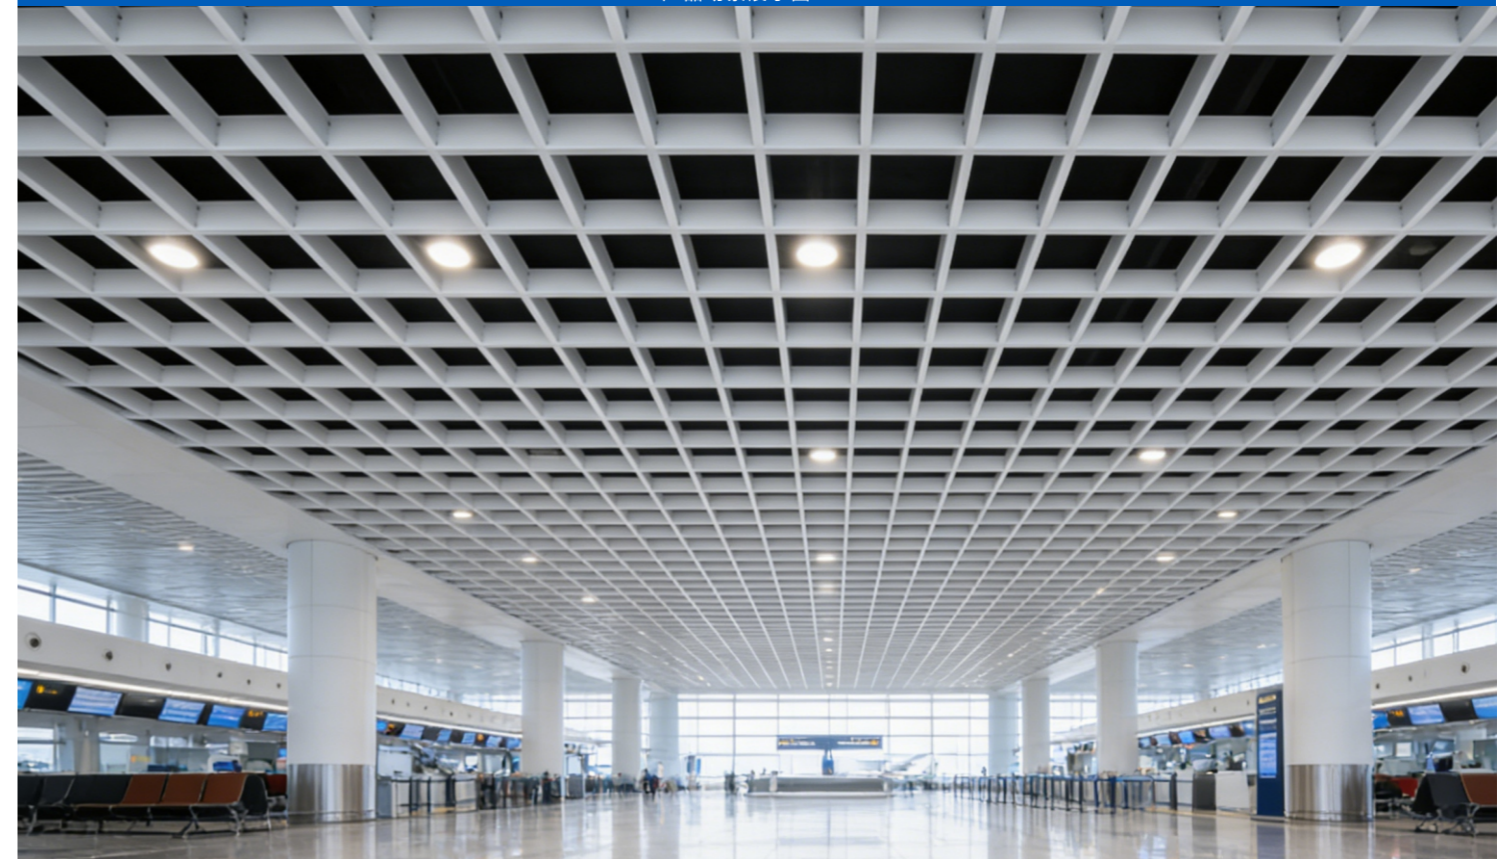

1 Steps 4 and 5 involve installing the L-shaped profile. Construction must be carried out in the direction indicated by the arrow.
